

Word 2016 - Part 2

Course Overview

In this course, students learn the features which enable them to create complex documents with a consistent look and feel. Students will also learn how to automate tedious tasks such as preparing a letter to send to every customer of your organization.

Who Should Attend

This course is designed for students who wish to use Microsoft Word to create and modify complex documents and use tools that allow them to customize those documents.

Course Objectives

In this course, you will learn to create and modify complex documents and use tools that allow you to customize those documents. You will: Organize content using tables and charts. Customize formats using styles and themes. Insert content using quick parts. Use templates to automate document formatting. Control the flow of a document. Simplify and manage long documents. Use mail merge to create letters, envelopes, and labels.
