

PRINCE2® Practitioner (3 Day Edition)

Course Overview

This is a 3-day class

In this course, students will apply the recognized practices of project management acknowledged by PRINCE2. This course will serve to prepare students for the PRINCE2 Practitioner examination. This course is accredited by ACQUIROS & PEOPLECERT.

Who Should Attend

This course is designed for those seeking to achieve the PRINCE2 Practitioner certificate, which is an important and valuable qualification, demonstrating increasingly higher levels of competence. This level is aiming to measure whether a candidate could apply PRINCE2 to the running and managing of a non-complex project within an environment supporting PRINCE2. To this end they need to exhibit the competence required for the Foundation qualification and show that they can apply and tailor PRINCE2 to address the needs and problems of a given project scenario. This course is governed by the PRINCE2 Examination Syllabus, which details the topics which must be covered by courses accredited to provide training and prepare candidates for the examinations in PRINCE2.

Course Objectives

To help you understand PRINCE2 in respect of its:
Principles, processes, themes, techniques and roles for successful project management.
Management products that are input and output of the processes. So that you may:
Attempt the PRINCE2 Practitioner exam with confidence.
Begin to apply the method, tailoring it to your project's needs.
