

# Microsoft Office 365 Online (with Teams for the Desktop)

## Course Overview

This course introduces working with shared documents in the familiar Office 365 online apps—Word, PowerPoint®, and Excel®—as an alternative to installing the Microsoft® Office desktop applications. This course also introduces several productivity apps including Yammer™, Planner, and Delve® that can be used in combination by teams for communication and collaboration.

## Who Should Attend

This course is intended for business users and knowledge workers in a variety of roles and fields who have competence in a desktop-based installation of the Microsoft Office 2010, 2013, or 2016 edition of the Microsoft Office productivity suite, and who are now extending Microsoft Office to a collaborative cloud-based Office 365 environment.

## Course Objectives

In this course, you will build upon your knowledge of the Microsoft Office desktop application suite to work productively in the cloud-based Microsoft Office 365 environment.

<p>You will:

- <li>Sign in, navigate, and identify components of the Office 365 environment.
- <li>Create, edit, and share documents with team members using the Office Online apps, SharePoint, OneDrive® for Business, and Delve.
- <li>Collaborate and work with colleagues using the Yammer and Planner apps.
- <li>Use email and manage contacts with Outlook on the web.
- <li>Collaborate using Teams.
- <li>Configure Teams.

## Other Prerequisites

This is a 1-day class
