

# Microsoft PowerPoint for Office 365 (Desktop or Online) - Part 1

## Course Overview

By exploring the vast array of features and functionality contained within PowerPoint, you will gain the ability to organize your content, enhance it with high-impact visuals, and deliver it with a punch. In this course, you will use PowerPoint to begin creating engaging, dynamic multimedia presentations.

The course material will also enable you to access and effectively utilize many web-based resources provided with your Office 365 subscription. This includes brief coverage of key skills for using PowerPoint for the Web and OneDrive. Helpful notes throughout the material alert you to cases where the online version of the application may function differently from the primary, desktop version.
